

Catch::Internal::Evaluator
< T1, T2, IsEqualTo >::evaluate

```
graph LR; A[Catch::Internal::Evaluator< T1, T2, IsEqualTo >::evaluate] --> B[Catch::Internal::opCast]
```

A diagram showing a call from the `Catch::Internal::Evaluator` to the `Catch::Internal::opCast` function. The call is represented by a blue arrow pointing from the left box to the right box.

Catch::Internal::opCast
